

The 2nd SFM day

Monday 17th of October 2016

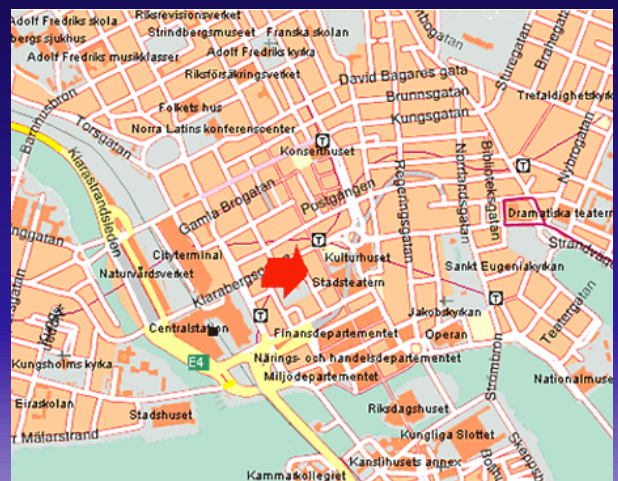

Welcome to a day of Microbiology

Svenska Läkaresällskapet hus, Stockholm, October 17th 9.30-16.30

The Swedish Society for Microbiology (SFM) is an organization that supports research in microbiology. SFM welcomes microbiology researchers from all disciplines to a one-day meeting in order to promote scientific interactions. Abstracts for short presentations or posters will be selected mainly from junior researchers but all contributions are welcome.
